

Amendments to the Specification

Please replace paragraph at page 19, lines 15-19 with the following amended paragraph:

If the problem meta database is decided not to use in step 702, the problem case database 305 is searched in step 706 with reference to the problem-related information entered in step 701, and the result is displayed in step 707. ~~FDB~~ **is this correct?**
